"Those who don't know history are doomed to repeat it"
Edmund Burke

The national curriculum for history aims to ensure that all pupils: know and understand the history of these islands as a coherent, chronological narrative, from the earliest times to the present day: how people's lives have shaped this nation and how Britain has influenced and been influenced by the wider world; achievements and follies of mankind and to understand the methods of historical enquiry, including how evidence is used rigorously to make historical claims, and discern how and why contrasting arguments and interpretations of the past have been constructed.
