Preparing for Work

"Success isn't just the building itself. It's the journey of building, the growing, the learning. It's construction in progress."
Fred "Foreman" Foster

The NOCN Level 1 Award and Certificate in Basic Construction Skills is designed to offer an introduction to the construction industry and will prepare learners to progress to higher level related qualifications in the construction sector. These qualifications are designed for those seeking an introductory route into the construction industry. They can be used to introduce learners to the initial skills and knowledge needed to enter the construction sector and will provide learners with the basic skills and knowledge and understanding required by the construction industry.
