#	RESPONSES	DATE
1	A local provision to meet the needs of young people with diverse and complex needs is urgently required in the Rotherham area.	5/27/2022 7:44 AM
2	I think that a focus on issues such as trauma relating to previous interactions in schools or at home may be beneficial if done correctly	5/26/2022 3:03 PM
3	The school is on the eastern fringe of the Borough. How accessible will it be for all Rotherham residents?	5/21/2022 9:35 PM
4	You are moving children who are already settled in a school environment to this place and using children as Guinea pigs. Children who are currently in PRU as well as well established school placements. I wouldn't let my child be used as Guinea pig and wouldn't consider the new school for at least a couple of years until things have had time to work themselves out. These children could end up traumatised it's a disgrace.	5/15/2022 3:16 PM
5	None of these young people asked to have these conditions and when they do it's our duty as a country to get the best from them so they can contribute to the community. This will give them a sense of ambition pride and self worth. To allow this to be achieved the more funding we can secure for these young people and the professionals supporting them the better.	5/11/2022 10:58 PM
6	I don't agree with segregation of Children into special provision. It encourages inappropriate behaviour. Provides inappropriate models of social interaction. Children are usually deprived of subject specialists teachers, which is clearly discrimination.	5/11/2022 3:28 PM

Dinnington SEMH School

7	The provision is an essential need for the borough and the need for support by the DfE is without question.	5/11/2022 3:23 PM
8	No	5/11/2022 2:17 PM
9	There is a need for this type of specialist education in our area and it's great that this historical building that means a lot to the local community is being used in this way.	5/11/2022 10:58 AM
10	There are far too many children struggling to cope and access learning in mainstream with teachers and staff ill equipped and sometimes lacking the understanding of how to support these children. The new school will provide not only a specialist school but I support for teachers in mainstream that can observe best practice and develop their own knowledge of how to effectively support children with semh needs.	4/27/2022 6:05 AM
11	More facilities like this is required in Rotherham with such a higher than average no. Of children and young adults with additional needs	4/26/2022 10:45 AM
12	no this is a good step forward for the borough	4/25/2022 7:53 PM
